Return to Play Protocols for Tennis Clubs, Players and Coaches

Effective from June 7th, 2021

**Version 1.3 Updated 20th May 2021
Republic of Ireland**

Return to Play

Introduction

The COVID-19 pandemic has presented unprecedented challenges to our country and our sport. The pandemic is not over, and the disease has continued to evolve and generate new challenges for us all.

While the various vaccines and their delivery provide a clear pathway for us, we must continue to be mindful of the risks involved in everyday life and the need to:

- wash hands properly and often
- practice social distancing
- cover coughs and sneezes

We must continue to be agile and flexible in our response while recognising that one year on, imposing and adhering to restrictions places an enormous burden on us all.

This document references the Irish Government document, [COVID-19 Resilience and Recovery 2021: The Path Ahead](#), which outlines the protocols that should be implemented in clubs during this level of reopening society during COVID-19.

We have learned a lot over the last 12 months and these learnings are informing our ongoing approach:

- The power to control the level of transmission is in our hands — individually and collectively
- People in Ireland and within our sport are willing to follow public health advice to protect themselves and others
- Cooperation and solidarity across our sport is vital if this disease is to be contained
- No single preventative measure is adequate to control virus transmission — what matters is a combination
- There is an ongoing need to minimise the risk of cases/clusters and respond decisively when new threats/clusters emerge
- If the disease spreads in the community, it will have the greatest impact on the vulnerable and this will impact our members, many of whom are of an older age profile
- Rapid identification and contact tracing of new cases is central to the government's response

The Republic of Ireland, as a country, is moving to reopen society once again.

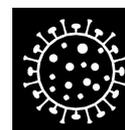

To this end, a new plan, [COVID-19 Resilience and Recovery 2021: The Path Ahead](#) has been developed and released by the Government to help us to go about our daily lives as much as possible, while managing the behaviour of the virus.

The plan recognises the need for society and business to be allowed to reopen albeit with restrictions.

The Government's strategy, in line with the public health advice, is suppression.

In response to the Government's plan our team, in consultation with Sport Ireland and the Department of Sport Return to Sport Expert Group have developed a framework of protocols that are specific to Tennis in the Republic of Ireland.

Please note that the new protocols are due to come into effect from June 7th. Any further updates will be communicated to clubs directly.

Clubs and their members must make themselves aware of and implement the measures contained within the framework to help safeguard staff and members. This will allow all of us to play safely and keep our communities safe while the threat of COVID-19 exists.

This document is designed to allow individuals, families, coaches, and club administrators to

better understand, anticipate, and prepare for and implement the measures to prevent an escalation in the transmission of the disease.

Our measures, procedures and timings are under constant review and updated as advice from Government, health authorities and governing bodies evolves in line with the gradual lifting of social restrictions.

Safe every step of the way

- | | | |
|----------------------|-------------------------|-----------------------------------|
| 1. Club Committee | 5. Clubhouse Facilities | 9. Getting Home Safely |
| 2. Club Access | 6. To the Courts | 10. Dealing with a suspected case |
| 3. Booking & Arrival | 7. On Court - Playing | |
| 4. Check-in Protocol | 8. On Court - Coaching | |

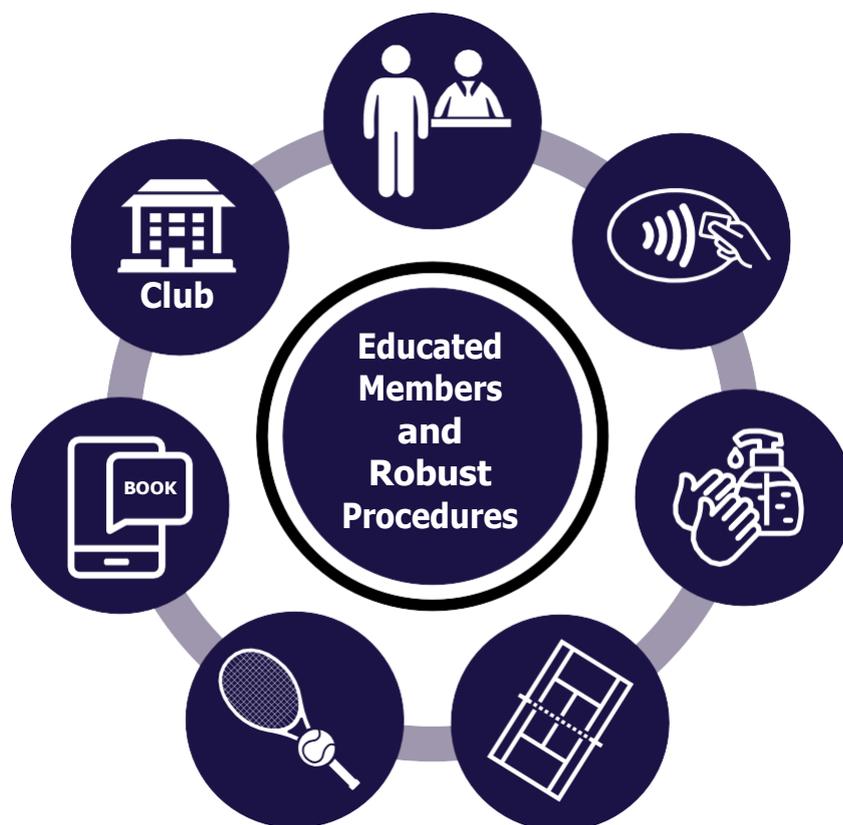

This guide has been updated in consultation with medical experts and in line with Government and Sport Ireland protocols.

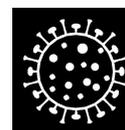

These measures should be in place until further notice.

Key Changes

The key amendments from the previous version of this document and which come into being from June 7th are:

- Indoor courts can reopen for casual singles play. Doubles play is allowed where partners are from the same household.
- Indoor coaching should operate on a singles basis only. i.e. 1) One coach and one player or 2) one player at either court end supervised by a coach.
- Outdoor Competition and Tournament play is allowed. Such activity must take place under strict protocol and without spectators.

1. Club COVID-19 Committee

As per last year and in case of any committee/ personnel changes, Tennis Clubs should appoint an assigned COVID-19 Officer and committee responsible for managing issues and queries relating to the COVID-19 pandemic. This committee should:

- Check with their insurers if any amendments to their policies are required to cover COVID -19 issues.
- Ensure they review and that the club can comply with all the protocols outlined before reopening their club
- Ensure that the club and its members adhere to HSE / Public Health advice in all cases.
- Ensure that sufficient HSE COVID - 19 information Posters are in place
- Operate a court booking system that, if possible, allows for staggered play and perhaps allow 10 minutes between booking slots for players to exit and enter without interaction. If this cannot be done it would be advisable that players understand the need for social distancing while entering and exiting the courts and wait in a designated waiting area.
- Ensure that the club maintains accurate records of who is playing and when. This should include all persons on court and not just the one making the booking. This must be carried out for coaching sessions as well, and in the case that a parent/guardian is present in the club that must also be recorded. This will help with contact tracing if necessary.
- Ensure that tournaments and events follow the required protocols and that no spectators are on site.
- Be responsible for informing all members of the COVID-19 guidelines and insist on full cooperation
- Ensure that the contact details for all members are up to date as this will assist with contact tracing should it be necessary
- Listen to feedback and contact Tennis Ireland if there are issues not covered under these protocols

2. Club Access

- Access to the clubhouse should be limited to staff / committee members and only for emergency access by players or to use toilet facilities. Face masks must be worn when indoors.
- Courts can be accessed by members and, if approved by the club, visitors.
- A parent/guardian must accompany any player under 16 years unless the club provide supervision.
- Players must not be subject to a quarantine restriction as per the Department of Foreign Affairs Travel protocols. For more information visit <https://www.dfa.ie/travel/travel-advice/coronavirus/general-COVID-19-travel-advisory/>
- Players must not have been around someone with symptoms of COVID-19 in the last 10 days
- Players must not be displaying COVID-19 symptoms
- All Players must have a pre-reserved playing time

Note

Those traveling to Ireland from any country not deemed to be a "Category 2" state, must quarantine at home, and only exit and play once a negative or 'not detected' PCR test is taken 5 days following their arrival back in Ireland.

3. Booking and Arrival

- Booking a court time in advance is advisable, preferably via a court booking system, website, app, or phone. This will assist should contact tracing be required subsequently.
- All players, including visitors, should ensure the club has their up-to-date contact details (phone and email).
- Indoor courts can be used for casual singles play or doubles where partners are from the same household.
- All players, and not just the player making the booking, should be included in the booking notes. If there is a change to who is playing, it is advisable to make sure the booking is updated.
- Players should travel to the club alone, or only with a member of the same household. There should be no carpooling between households.
- If travelling to the club via Public Transport, players should wear a mask, sanitise their hands regularly throughout the journey and socially distance from other passengers.
- Ample car parking spaces should be available to ensure social distancing. If players must park next to another car, they should wait for the other person to exit or enter before doing so themselves.
- Players should arrive at the court entrance no more than 5 minutes prior to the reserved playing time. It is important that players maintain social distancing and wait in a pre-designated waiting area that allows for social distancing.
- Players should always observe social distancing and resist the temptation to mingle.
- Locker rooms should remain closed during this phase. Players should arrive in Tennis attire and change footwear at the car or at home.
- Players should sanitise their hands using dispensers provided at the entrance to the club and courts.
- Players should head straight to their designated court unless required to check-in
- Players should ensure that they utilise toilet facilities in their own home prior to arriving at the club.

4. Check-in and Club Shop Protocol

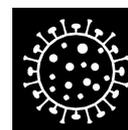

- Two-metre queue markers should be in place at any single-entry point whether at the clubhouse reception or at the entrance to indoor or outdoor courts.
- A two-metre exclusion zone should be in place at the service desk and, if possible, a protection screen should be fitted.
- Club shops can open but should be mindful of the protocols for this sector.
- Food and beverage items can be made available but only for outdoor consumption.
- Club vending machines should only be used if subject to regular cleaning protocols.
- Contactless card payments should be encouraged.

5. Clubhouse Facilities

- Protocols for cleaning club facilities, such as toilets, should be in place.
- Toilets can be utilised but on a one in / one out basis.
- It is recommended that Changing rooms and showers remain closed during this phase of reopening.
- Clubs with restaurants and bars should only open these facilities in compliance with Failte Ireland Operating Protocols which can be downloaded at <https://COVID19.failteireland.ie/operational-guidelines/>
- Facemasks should be worn while indoors.

6. To the Court

- Singles and doubles play with players from different households is allowed outdoors
- Casual singles and doubles, where partners are from the same household, is allowed for the use of indoor courts
- Courts that are side by side can be utilised.
- Players should enter the court one at a time and touch points such as gate handles should be cleaned regularly or left open.
- Rubbish bins and other court furniture can be displayed courtside, subject to regular cleaning protocols. and all items brought on court should be taken home afterward

7. Indoor Courts

- Given that most indoor structures have one entrance or exit it is recommended that a one in / one out system is applied.
- The staggering of times for court bookings may also help to ensure that there is no congregation at entrances.
- Entrances to indoor courts, particularly air domes should be cleaned regularly and a protocol for cleaning all touch points on a regular basis should be in place.
- Operators should also ensure that there is adequate signage and sanitising stations both at the entrances to indoor courts and at courtside.
- Players should also bring and only use their own towels and drinks and sanitising gel.
- Nobody but the players should be allowed in the court area. There should be no spectators present during this phase of reopening
- Physical distancing must be observed throughout the period of play, particularly on change of ends and entering and exiting the court. Players should change ends at opposite sides of the net.

8. On the Court – Playing

- Physical Distancing should be observed throughout the period of play, particularly on change of ends.
- Players must refrain from handshakes and high fives.
- Equipment such as towels, food, and drink must not be exchanged between players. Players should be encouraged to bring their own drinks and towels.
- Players should avoid touching their face after handling a ball, racquet, or other equipment.
- Players should ideally bring a small bottle of hand sanitizer with them and keep it in their pocket or bag for use.
- Players should remain apart from other players when taking a break.
- Caution is advised for those who intend to engage in high intensity training following a recovery from COVID-19. Individuals should seek medical advice prior to a return to play.

9. On the Court – Coaching

- Coaches should prepare and present a Risk Assessment document and get approval to

coach from the COVID -19 Committee.

- Coaching sessions should be booked with the participants contact details recorded.
- Coaches should brief their students and/or their parents of the protocols that should be followed in advance of the session.
- Coaching can be provided to visitors only with the permission of the club.
- Coaches should ensure all players have registered their contact details with the venue club.
- As much as possible, coaches must try to adjust their schedules to stay on-site for the minimum amount of time required.
- Exercises that require continuous play are recommended.
- Coaches should limit the use of equipment such as cones, drop lines and targets.
- A pod, up to a maximum of 6 players (Junior or Adult) can be coached per outdoor court.
- A pod of 8 players per outdoor court is allowable for red ball activities, subject to social distancing protocols being implemented
- Indoor coaching should operate on a singles basis. i.e., One coach and one player or one player at either court end supervised by a coach.
- Players must remain in their own sections of the court
- All activities are subject to strict social distancing and those players not on court must always maintain a clear 2m distance from others.

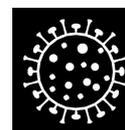

10. Getting Home Safely

- Once play has finished players should leave the premises promptly, sanitising their hands on the way out using a courtside dispenser.
- Clubs with restaurants and bars should only open these facilities in compliance with Failte Ireland Operating Protocols which can be downloaded at <https://COVID19.failteireland.ie/operational-guidelines/>
- If a player or visitor to the club becomes unwell, they should first contact their GP/HSE and then inform their club. The club should contact the HSE and follow the advice provided on the next steps to follow.

11. Competitions

- Outdoor Competition is allowed from June 7th subject to strict protocols. Guidance in this regard is available [HERE](#)
- As always, players will have to accept the Tournament Rules and Regulations as a Condition of Entry.
- Clubs must include several pre-screening questions for players in these Rules and Regulations. These questions may change over time, so are included [HERE](#) along with sample Rules and Regulations.
- Only online entries and payments should be accepted. This will aid Contact tracing if necessary.
- Participants, officials, and support personnel should not attend if unwell.
- Participants should arrive ready to participate and leave immediately. (i.e. No changing room or shower use).
- Additional signage, hand sanitisation stations and deep cleaning measures should be implemented.
- Participants (and officials) should aim to maintain social distancing (2m) both on and off court.
- All Open and Club Tournaments and league matches must be run behind closed doors. No spectators should be allowed on-site and only those necessary for the operation of the event are allowed.
- Court Furniture – chairs, bins, etc. are only allowed on court where protocols are in place for surfaces to be cleaned at the end of every match. This requirement is the same for Scoreboards. One player should be nominated to change the scoreboard for the duration of the whole match.
- Single-Sticks, if used, should only be put in place, and removed by a court supervisor. If they fall during a match a supervisor should be called.
- All presentations should take place outdoors. All players/officials should be placed at least 2 metres apart for presentations and photographs.
- During this period of restrictions, it is suggested that prize-givings are conducted as individual matches are completed or at the end of each time slot.

12. Dealing with a Suspected Case

IF A CLUB MEMBER HAS COVID-19 SYMPTOMS

They should not attend the club and should self-isolate and contact their GP.

The Club can continue as normal at this stage.

IF A CLUB MEMBER IS SENT FOR A TEST

The club member with symptoms must inform their GP if they have taken part in club activity and seek advice on what action, if any, the club is required to do. The club member should then contact the club COVID Officer and outline to them what has been recommended.

IF A GP ADVISES THERE IS NO COVID-19 CONCERN

Both the club member, their playing group or pod and the club can continue as normal.

IF A CLUB MEMBER TESTS NEGATIVE

In line with Health advice, the club member can return to activity 48 hours after the symptoms abate.

The club members playing group or pod can return to play.

IF A CLUB MEMBER TESTS POSITIVE

The club members playing group or pod must remain away from the club and await advice from the Public Health Authority.

Dealing with a player showing symptoms at the Club

- Ideally the designated COVID-19 Officer should take care of the management of any persons with COVID-19 symptoms
- Immediately separate any person displaying or complaining of COVID-19 related symptoms from others
- Ask this person to wear a facemask if possible
- Provide the unwell person with tissues and hand sanitiser and ensure that all tissues are disposed of in a waste bag. This waste bag then needs to be tied inside a second waste bag and clearly marked. It will need to be stored securely for 72 hours before it can be disposed of in general waste.
- The designated person managing the situation should try to maintain at least 2m from the person with the symptoms and should wear a face mask and wash their hands regularly.
- If the person is well enough to go home, arrange for them to be transported home by a family member, as soon as possible and advise them to inform their GP by phone of the symptoms.
- If they are too sick to go home or advice is required, contact 999 or 112 and inform them that the sick person is a COVID-19 suspect.
- All persons who have been in close contact with the suspect case will need to be informed to restrict their movement until further information is available. i.e., a negative test result of the suspect case.
- No reusable medical equipment should be returned to service without being cleaned/disinfected. Disposable PPE and any waste should be disposed of appropriately, as above.
- Keep record of individuals who have been isolated, due to suspected COVID-19 and notify the Lead COVID-19 Officer
- For other useful info, please check here <https://www2.hse.ie/conditions/coronavirus/close-contact-and-casual-contact.html>
