Match schedule & recording your scores

Depending on time available and courts available scoring can be either first to a certain number of games, first to a certain number of points, or whoever is in the lead after a certain amount of time is the winner etc. (3 for a win, 2 for a draw, 1 for a loss)

Example of schedule:

A class of 30 students:

Primary school - only cones / no nets or barrier tape: Set up matches that all players are playing, so 15 'micro tennis' courts. Divide students into small groups depending on time available. Everyone plays each player in their group. Use the drawcards below to organise how much time to allot to matches – for example (as per group of 6 drawcard) group of 6 people playing on 3 courts is 5 rounds – so divide the amount of time available by 5 and fill in the times next to the matches.

Primary/Secondary with mini nets/barrier tape courts: 3 mini nets or 3 red/badminton courts with barrier tape – Divide students into 6 groups of 5, Everyone gets 4 games, groups double up on courts and take turns playing. For example:

Court 1:

Group 1 Player 1 v Player 2

Group 2 Player 1 v Player 2

Group 1 Player 3 v Player 4

Group 2 Player 3 v Player 4

Group 1 Player 1 v Player 5

Court 2:

Group 3 Player 1 v Player 2

Group 4 Player 1 v Player 2

Group 3 Player 3 v Player 4

Group 4 Player 3 v Player 4

Group 3 Player 1 v Player 5

etc as per Round Robin Drawcard for 5 players.

Then divide up the time available by the matches to be played, and decide on scoring system (ie. Proper scoring completed games only count, proper scoring whoever is in the lead in a game at the end of the time wins, tiebreak scoring, or simple 1,2,3,4,5)

Primary/Secondary with tennis courts: Divide up the class into groups based on court space (with an average of thirty per class depending on court space it would probably be better for PE to play in the half court as per page 3, but after school clubs/smaller groups could be encouraged to play full court). Use round robin score cards to record scores so for example a school with 3 full tennis courts (playing in the half court):

6 groups of 5 on 3 full courts divided in half – 1 group of 5 per half court.
