- 1.2.2. The **ITF World Tennis Number “WTN”** is a description of playing standard based on results against other players. It is a dynamic system that updates on a weekly basis (every Wednesday) to provide a ‘real time’ measure of player standard and allows players to track their progress.

Results are processed weekly following the final publication of the tournament using TTP (Tennis Tournament Planner).
- 1.2.4. **“Tournament Category”** Tennis Ireland Tour levels are used to describe the expected standard of play in Tennis Ireland sanctioned tournaments. The Category also includes specific minimum criteria expected of a tournament organiser. These criteria are listed on Appendix 8.12 and maybe be updated as required. 9 to 16	17
17 to 32	33

- 1 The seeded positions that are vacated will be filled by the highest ranked/rated previously unseeded Players or Teams,
- 2 The naming/numbering of seeds will be changed accordingly.
- 3 The unseeded positions that are then vacated will be filled by Players or Teams on the reserve list or, if after the start of the qualifying draw, by lucky losers.
- 4 If there are no lucky losers or players/teams on the reserve list, any bye created by the movement of seeds will be given to the highest seed without a bye. The player/team on the line where the bye is being placed will be moved to the previously vacated position.
- 5 Where all seeds already have a bye, the Player whose opponent has Withdrawn should be awarded a Walkover.

- 2 In the case of a seeded team, any replacement partner must be of a similar standard, otherwise the entire team shall be withdrawn. ie. The new teams combined singles ranking

must keep them as the same seeded pair, or lower seeded pair. In this instance, promotion of seeds would occur also. Otherwise, the replacement partner will not be accepted.

- 3 If an unseeded doubles team is forced to withdraw, the whole pair will be replaced by the next pair on the reserve list.
 - 4 If a seeded doubles team is forced to withdraw, the open position shall be filled by the next eligible team to be seeded, as described in 7.3.1..

- If after the draw has been made it is realized that a player has been wrongly left unseeded, the positions of the seeds shall be changed. That player should take the relevant place, the lowest seed become an unseeded player and placed in the position vacated by the newly seeded player. The referee has the option of making a new draw instead.
- If the omitted player would be unseeded, and byes exist in the first round against unseeded players, the unseeded entry should replace one of these byes to be decided by lot. If using Tournament Planner, the omitted player should be placed in the position of the highest numbered bye. If only seeded players are receiving byes the additional entry shall be placed against the lowest seed receiving a bye.

9.7.2. If no byes exist in the first round, and there have been no withdrawals up to the time of the discovery of the omission, a preliminary round shall be played between the omitted player and one of the unseeded players in the draw, drawn by lot.

U10 Standard Format

Entries to Under 10 Open events should be made online in <https://ti.tournamentsoftware.com>

Duration - Ideally a 1- or 2-Day Event

Gender - Males & Females can compete in the same events

Stage 1 -

Must be a Round Robin and depending on the entries, the boxes are divided into a maximum of 6 players per group. The recommended number of round robin boxes is 4.

Scoring should be an appropriate scoring system from the list above to suit the entries - For example, first to 6 commencing at 2-2. No advantage applies. Every game won counts as a point.

Stage 2 - The highest scoring player from each group is placed in a new group with a minimum of 3 players.

The second highest scoring player from each group is placed in an additional group. If the numbers, however, are not sufficient, you should put the highest and second highest scoring players together.

Depending on the number of entries, organisers may need to further regroup the participants involving the third and fourth highest scoring players.

The main objective for the organisers is to find quality match opportunities for all players.

Organisers need to ensure that every player positioned in their new group play a minimum of two matches with two other players in the group.

See ITF's "Play and Stay" for other options.

Important

All players need rest periods throughout the day. Ideally, this can be guaranteed by breaking the day into two periods with an hour's rest for lunch midway through the allotted time.

Doubles

All organisers should do their best to ensure that all competitors have the opportunity to play at least one doubles game throughout the day. This could be organised as the last round of matches.

11.6. HANDICAP REGULATIONS

IMPORTANT NOTICE:

Results from handicap events MUST NOT be published using Tournament Tennis Planner. Any results that may have been entered for players information during the tournament, MUST BE DELETED at the end of the tournament. Failure to do so will have a negative effect on the future WTN of players that have been handicapped.

In handicap events at official tournaments, advantage sets shall be played with the exception that, if weather conditions are adverse and only for the purpose of enabling the programme to be completed within the advertised time, the committee may order the best of three short sets or alternatively, one advantage set. A short set is decided when one or other of the players first wins six games.

8.4.1. RECEIVED ODDS

Odds are received in each group of 6 games of a set in the first place in the earliest possible even game; that is to say, a receiver of one-sixth receives a point in the second game of each group of 6; a receiver of two sixths in the second and fourth games; a receiver of three-sixths in the second, fourth and sixth games.

When the even games are exhausted odds are then received in the earliest possible odd games; that is to say, a receiver of four-sixths receives his points over and above a receiver of three-sixths in the first game of each group of 6 and a receiver of five-sixths in the first and third games. The position in which points are received are shown in the following table:

	1st Game	2nd Game	3rd Game	4th Game	5th Game	6th Game
1/6 of 15		15				
2/6 of 15		15		15		
3/6 of 15		15		15		15
4/6 of 15	15	15		15		15
5/6 of 15	15	15	15	15		15

8.4.1.1. A player receiving four-sixths of fifteen receives nothing in the third and fifth games and fifteen in the first, second, fourth and sixth games of a set.

8.4.1.2. The table is not carried beyond the sixth game, as in the next and every succeeding six games the odds recur in the same positions.

8.4.1.3. The above odds may be received in addition to other received odds.

Fifteen (e.g. + 15.0) is one point received at the beginning of every game of a set.
Thirty (e.g. + 30.0) is two points received at the beginning of every game of a set.
Forty (e.g. + 40.0) is three points received at the beginning of every game of a set

8.4.2. OWED ODDS

Odds are owed in each group of six games of a set, in the first place, in the latest possible odd game. That is to say, an owner of one-sixth owes a point in the fifth game of each group of six; an owner of two-sixths in the fifth and third games; and an owner of three-sixths in the fifth, third and first games.

When the odd games are exhausted; odds are then owed in the latest possible even games. This is to say an owner of four-sixths owes his / hers points, over and above an owner of three-sixths, in the sixth game of each group of six; and an owner of five-sixths, in the sixth and fourth games. The position in which points are owed are shown in the following table:

	1st Game	2nd Game	3rd Game	4th Game	5th Game	6th Game
1/6 of 15					15	
2/6 of 15			15		15	

3/6 of 15	15		15		15	
4/6 of 15	15		15		15	15
5/6 of 15	15		15	15	15	15

- 8.4.2.1. A player owing two-sixths of fifteen would owe fifteen in the third and fifth games and nothing in the first, second, fourth and sixth games of a set.
- 8.4.2.2. The table is not carried beyond the sixth game, as in the next and every succeeding six games the odds recur in the same position.
- 8.4.2.3. The above odds may be owed in addition to other owed odds.

Fifteen (e.g. + 15.0) is one point received at the beginning of every game of a set.
Thirty (e.g. + 30.0) is two points received at the beginning of every game of a set.
Forty (e.g. + 40.0) is three points received at the beginning of every game of a set.

Ranking Points:

If a player:

- Withdraws from an event after having started a match in that event;
- fails to appear at an event ready and prepared to play;
- retires during an event and/or gives a walk-over during an event;

he/she will lose ALL ranking points obtained in that event.

If a player withdraws from one event to be able to play in an overlapping event (even if the overlap is two days or less) he/she will lose ALL Ranking points from the TWO events.

Penalty Points:

A player who:

- a) Withdraws from the competition after the Withdrawal deadline specified in the competition information; or
- b) fails to appear at the competition venue ready and prepared to play in his/her relevant matches without having Withdrawn; will incur the following automatic Withdrawal Points:

Withdrawal from the competition after the withdrawal deadline specified but before the draw is made	1
Withdrawal from the competition after the draw has been made	4
Failing to appear at the competition for a match without having withdrawn (no show)	5

Explanatory notes:

If a Player is not ready to play within 15 minutes after his/her match has been called, that Player may be deemed to have failed to appear by the Referee and, if so, will incur six Withdrawal Points. In practice, it is anticipated that Referees will be pragmatic and, before deeming that a Player has failed to appear, will consider all relevant factors including, for example, whether the Player has made any attempt to notify the Referee that he/she will be arriving late and of the time when he/she is likely to be ready to play; whether the Player's match can be easily rescheduled without disruption to the competition; whether the Referee is satisfied that the Player has done all he/she reasonably can to be ready to play on time; whether the Player's notification should in fact be treated as a Withdrawal.

- a) A player who withdraws after having started a match in the event will:
 - 1 Incur four withdrawal points, and
 - 2 Will lose ALL ranking points in that event
- b) A player who fails to appear at an event without having notified the referee that he/she is withdrawing will:
 - 1 Incur six withdrawal points, and
 - 2 Will lose ALL ranking points in that event
- c) A player that has accumulated 10 or more suspension penalty points will be prohibited from taking part in any official tournament for a given period as per 8.6.8.

Exceptions:

1. Where a doubles pair withdraws and it is made clear to the Referee at the time of the withdrawal or failure to appear that it is solely due to one of the players (in which case only that player will incur withdrawal points and lose of ranking points).
2. A player who retires during a match due to sickness or injury
3. A player who withdraws from a competition as a result of being suspended

Appeal:

A player may only challenge the imposition of Withdrawal penalty points:

1. Where such imposition was a result of the player having been wrongly identified as the offending player; and/or
2. Where the player can show exceptional circumstances.

11.10. MATCHES PLAYED WITHOUT A COURT UMPIRE – PLAYERS NOTICE

At this tournament, some matches will be played without a Chair Umpire. All players should be aware of the following basic principles when playing a match in these circumstances:

Each player is responsible for ALL calls on his/her side of the net.

All “out” or “fault” calls should be made promptly after the ball has bounced and loudly enough for the opponent to hear.

If in doubt, the player must give the benefit of the doubt to his/her opponent.

Except when playing on clay, if a player incorrectly calls a ball “out” and then realises that the ball was good, the point should be replayed, unless it was a point winning shot or unless that player made an incorrect “out” call earlier in the match. In these circumstances, the player who called “out” loses the point.

The server should call the score before each first serve, loudly enough for his/her opponent to hear.

If a player is unhappy with his/her opponent’s actions or decisions, he/she should call the Referee (or Assistant Referee/Off-Court Umpire)

For matches played on clay courts, there are some additional procedures that all players should follow:

A ball mark can be checked on a point ending shot, or when play is stopped (a return is permitted, but then the player must immediately stop)

If a player is unsure of his/her opponent’s call, he/she can ask his/her opponent to show the mark. The player can then cross the net to look at the mark.

If a player erases the mark, he/she is conceding the call.

If there is a disagreement over a ball mark, the Referee (or Assistant Referee/Off-Court Umpire) can be called to make a final decision.

If a player calls a ball “out”, he/she should, in normal circumstances, be able to show the mark.

If a player incorrectly calls a ball “out” and then it is realised that the ball was good, the player who called “out” loses the point.

Players who do not fairly follow these procedures could be subject to the Hindrance Rule and the Unsportsmanlike Conduct provision of the ITF Code of Conduct.

Any questions on these procedures should be referred to the ITF Supervisor/Referee.

11.12. TOURNAMENT CATEGORIES & CATEGORY REQUIREMENTS:

The initial Category awarded to new tournaments will be 200 or 100. In exceptional circumstances, where there is evidence that the applying Tournament has the expertise and facilities required, an exception may be made and the tournament application for a higher Category approved.

Tournament Categories are published in Tennis Ireland Calendars at the end of the previous year. The Calendars are specific for the three Tennis Ireland Competition Tours:

1. Tennis Ireland Junior Tour: all sanctioned tournaments for Under 18, Under 16, Under 14 and Under 12 players.
2. Tennis Ireland Tour: all sanctioned tournaments for adults. Depending on the organizers some events may be open to Under 18, and Under 16 players.
3. Tennis Ireland Masters Tour: tournaments may be divided in a combination of any age groups from 30+ upwards

Maximum number of Tournaments per week:

The maximum number of tournaments of a Category on any given week detailed in the table below applies:

Tour 1000 and above	1	Each province will be assigned a minimum number of events in a calendar year
Tour 500	2 x 500 or 1 x 500 & 1 x 1000+	The tournaments must be in two different provinces. If they are half week tournaments, there could be two in the first 3 days and another two in the last three days of the week.
Tour 200	4	
Tour 100	8	

To comply with the maximum number of events of a given Category per week requirement, a tournament may be awarded events with different Categories.

Example:

A tournament running during the same week of an ITF-18 tournament may be granted Tour 1000 Categories for their Under 14 and Under 12 events, and Tour 500 Categories for their Under 16 and Under 18s events.

How many events can you run in a Tournament?

Before deciding how many events you can run in a tournament you must do some arithmetic. You will need:

- Number of courts available and at what times you can use them
- Type of draw
- Scoring format
- Age of the players (i.e. U12 matches are slower than U18s)
- What is the maximum number of matches a player can have in one day

	Maximum Total matches	Maximum number of singles
Best of 3 tie-break sets	3	1
Standard sets & match tie-break	3	2
Short sets & match tie-break	4	4 (3 if U12)
Fast4 sets & match tie-break	4	4

Size of draw & scoring format

Tour 1000 events must be best of three tie-break sets (set tie break at 6-6, win by 2 points) and players must not have more than one singles match per day.

Tour 500 events must be best of three sets, with the first two being tie-break sets and a match tie-break (to 10 points, win by 2 points) if the score reaches 1 set all.

Short sets scoring (Tour 200 Junior) best of three sets, with the first two being first to 4 games and a set tie-break if the score reaches 4-4 games, followed by a match tie-break (to 10, win by 2) if the score is one set all. Advantage is played.

Fast4 sets scoring (Tour 100 Junior) first two being first to 4 games and a set tie-break if the score reaches 3-3 games, followed by a match tie-break (to 10, win by 2) if the score is one set all. Advantage is played.

Event	Matches First round	Match Average length	Time on 4 courts	Time on 8 courts
Tour 1000 16 entries	8	1 hr and 30' (longer if U12 event)	3 hrs plus 30' safety margin	1 hr & 30' plus 15' safety margin
Tour 1000 32 entries	16	1 hr and 30' (longer if U12 event)	6 hrs plus 1hr safety margin	3 hrs plus 30' safety margin
Tour 500 16 entries	8	1 and 20' (longer if U12 event)	2 hrs & 45' plus 45' safety margin	1 & 20' plus 30' safety margin
Tour 500 32 entries	16	1 and 20' (longer if U12 event)	4 hrs 20' plus 1 hr safety margin	2 hrs & 45' plus 30' safety margin
Tour 200 16 entries	8	1 hr (first round matches likely shorter)	2 hrs	1 hr
Tour 200 32 entries	16	1 hr	4 hrs	2 hrs
Tour 200 16 entries	8	45' (first round matches likely shorter)	1hr & 30' hrs	45' plus 15' safety margin
Tour 100 32 entries	16	45' (first round matches likely shorter)	3 hrs	1hr & 30' hrs

Please note this are estimated and could differ considerably depending on how similar the level of the opponents is.

Estimated time required to finish a compass draw:

All times are assuming that there is good court supervision, warming up is kept to a minimum (not required if no rest between matches), and courts are in constant use.

One draw only (players will have to wait for the opponent to finish his/her match too):

Short sets & match-tie-break:

	Matches/player	2 courts	4 courts	8 courts
8 players draw	3	6hrs	3hrs	
16 players draw	4		6hrs *	4hrs **

(*) Some matches are likely to be considerably quicker, particularly in the first rounds. No rest time required as not all players are on court at the same time, and they have a rest while waiting for a court.

(**) Players may need a rest between their 2nd and 3rd match.

Fast4 sets & match-tie-break:

	Matches/player	2 courts	4 courts	8 courts
8 players draw	3	4hrs	2hrs & 30'	
16 players draw	4		5hrs *	3hrs **

(*) Some matches are likely to be considerably quicker, particularly in the first rounds. No rest time required as not all players are on court at the same time, and they have a rest while waiting for a court.

(**) Players may need a rest between their 2nd and 3rd match.

Estimated number of Tour 200 or Tour 100 events with 16 players draws on 8 courts in 12 hours:

- Tour 200 3 events. If draws are 12 players, 4 events.
- Tour 100 4 events (2 at the same time, alternating rounds. Example BS12 8 matches, followed by GS12 8 matches, followed by BS 12 8 matches, GS 12 8 matches, etc)

A Tour 200 & 100 Tournament could have:

- Tour 200 draws of 8 players 4 events on day 1 (12 hours 8 courts).
- Tour 100 draws of 16 players 4 events on day 2.

8.13 Guidelines on use of Photographic and Filming Equipment at Official Events and Practice Sessions.

1. Amateurs

Amateur photographers /film / video operators wishing to record an event or practice session should seek accreditation with the event organiser or leader of the practice session and have justifiable reason for wanting to video / photograph children.

During competitions or practice sessions, children must not be photographed or filmed without the permission and the expressed permission of one of their parents or person acting for the parent. A record should be kept of any permission granted.

2. Professionals

Professional photographers / film / video operators wishing to record an event or practice session should seek accreditation with the event organisers by producing their professional identification for the details to be recorded and have justifiable reason for wanting to video / photograph children. A record should be kept of accreditation.

3. Camera Phones

Because camera phones can transmit an image discreetly and remotely, Junior Tournament organisers are advised that they should not be used under any circumstances on Junior Tournament sites.

4. Publication

This information should be published prominently in event programmes and should be announced over the public address system prior to the start of an event.

Recommended wording:

“In line with the recommendations in the Tennis Ireland Code of Ethics, the promoters of this event request that any person wishing to engage in any video, zoom or close-range photography should register their details with the organisers. On no account should children be photographed or filmed without their permission and the permission of their parents. Camera phones cannot under any circumstances be used on the tournament site.”

5. Use of video as a coaching aid

Video equipment can be used as a legitimate coaching aid. However, permission should first be obtained from the player and the player’s parent / carer.

Anyone concerned about any photography taking place at events or training sessions should contact the organisers and ask them to deal with the matter.
