Preparing You for Tomorrow's Risks - Today

At Brown & Brown, we don't just provide insurance, we deliver confidence. As one of the world's leading insurance brokers, we bring decades of experience, deep industry insight and a commitment to understanding the unique challenges our customers face. Our team has worked closely with sports and leisure organisations across Ireland and beyond, helping them navigate complex risk landscapes with tailored insurance solutions.

Alongside AIG, long-stranding supporters of tennis in Ireland, we are delighted to bring to market a bespoke insurance product designed specifically for tennis clubs. This solution is the result of our deep understanding of the sector, built through close collaboration with clubs, coaches, and Tennis Ireland.

Running a tennis club today means more than maintaining courts and organizing matches. It means protecting your people, your property, and your reputation. From damage to playing surfaces and equipment, to liability claims, cyber threats, and reputational risks, the potential for disruption is real, and growing.

That's why our solution is tailored to your club's needs, protecting against both current and emerging risks. Whether you're a small community club or a large regional facility, our product is designed to evolve with you, offering peace of mind so you can focus on what matters most: the game.
